This map outlines streets that are within the downtown business zone. This zone has different parking regulations than the rest of the city. The following two winter parking regulations apply to all city streets including the downtown business zone:

- All posted "no parking" signs apply all days of the week.
- When street parking is only allowed on one side of the street, vehicles may park on the terrace (space between street and sidewalk) following odd/even regulations.

See the reverse of this page to read the restrictions for the downtown business zone and the rest of the city.
