Marsh Field Neighborhood Assoc.

Oakview Neighborhood Assoc. Marquette Neighborhood Assoc. Sheldon Park Neighborhood Assoc.

The time has come again for the Neighborhood Association Grant application process. Please be aware of changes this year. Grant applications will be received in the Development Services Division Office, following the receipt and approval of the 2023 Year-End Budget Report. Grants applications received on or before May 1, 2024, will be eligible to request up to 100% of the 2024 grant award, applications received after the aforementioned date, will be eligible to request Neighborhood and Enhanced Neighborhood Grants for only up to 50% of the 2024 grant award. No grant applications will be accepted after, June 1, 2024. Also be aware, some awards will be paid after successful completion of an activity per NEP guidelines.

This year's Neighborhood Empowerment Grants will be applied for, and granted, in *three different tiers*. The \$1500 Neighborhood Grant of years past, will essentially run the same, building on to it, the Enhanced and Earned Grants. Please be aware that certain areas of the grants have stipulations that must be met *before* they can be applied for. If the prerequisite activities have not taken place, please give your Neighborhood's commitment as to when they will. *Special attention should be given in these circumstances*. If activities do not happen as planned, funding may need to be returned as a result. We encourage all Neighborhood Associations to carefully consider your budgets and only request what you will actually need. If you have a special project in mind, include it in your budget and explain how additional funds will assist your group. *Please note – copies of bank statements will be required in each year's reporting*.

To be eligible to receive Neighborhood Empowerment Grant funding, the association must represent an identified neighborhood within the City of Muskegon, which is accepted as such, through the City of Muskegon Community Policing Program. Eligible Neighborhood Associations have been listed above. If you would like to participate through a neighborhood that is not currently active, please see City of Muskegon NAM Liaisons for more information.

Grant Amount

Grant amount will vary. Maximum grant amounts will be specified throughout application for each portion of the grant.

Repetitive Assistance

The Neighborhood Empowerment Grant Program is part of the annual City budget. Funding for the Grant Program could be eliminated or reduced in the future. As such, the City cannot guarantee funding to any organization beyond one year. Applicants should demonstrate the capacity to support their programs on an ongoing basis and should not grow dependent on City funding as their sole means of support.

This year's applications will be evaluated and recommended on the following:

- Complete and accurate information.
- Applications that propose a variety of activities, aimed at membership development.
- Continued success of neighborhood involvement and engagement.

Additional evaluation criteria if the neighborhood received previous funding in 2023:

- The neighborhood's need for additional grant funding.
- Ability to meet goals and objectives proposed.
- Thoroughness and timeliness of 2023 Year-end Budget Report and required documentation.

Please make sure to include all information with your application. If you have any questions regarding this year's grant application, please contact Development Services at (231)724-6702.

PURPOSE AND INTENT OF THE GRANT

The City of Muskegon recognizes the Neighborhood Associations within the City as viable and necessary to the positive functioning of our City. The Neighborhood Associations assist the City with information dissemination through meetings, newsletters, etc., as well as through general improvement of the neighborhoods. Our neighborhoods help drive quality of life, as they can help provide activities that engage residents, improve living conditions, provide social opportunities, and positively affect crime. It is the intent of this grant program to empower eligible Neighborhood Associations in funding basic organizational activities, as well as, assisting in their efforts to become more active and invest in themselves, and therefore, our City.

Active Neighborhood Associations will be eligible to receive funds from the City of Muskegon in three ways: Neighborhood Grants, Enhanced Neighborhood Grants, and Earned Neighborhood Grants.
