

Addendum No. 1

Owner:	City of Muskegon				
Project Title:	SRF/DWRF Projects Wilcox Avenue and Thom	npson Avenue			
Project #:	2221072	Date of Addendum: June 14, 2023			
SRF No.:	5790-01	DWRF No.: 7467-01			

Notice to Prospective Bidders

In accordance with Article 1 of the General Conditions, this Addendum is hereby issued as part of the Contract Documents.

- 1. Proposal Cover and Itemized Proposal have been revised to incorporate irrigation repair allowance. See "Bid Proposal Addendum 1" enclosed.
- 2. Aggregate Surface Cse, _ Inch, Mod: Aggregate surface course shall meet the requirements specified in Section 306 of the MDOT 2020 Standard Specifications for Construction. Aggregate material that is removed from roadways and driveways shall not be reused but shall be replaced with the depth specified of newly compacted aggregate conforming to MDOT 22A. Crushed concrete or slag will not be accepted.
- 3. Updated current wage rate decisions for Highway are enclosed and replaces the previous wage rates included in the specifications.

MI20230001 - 05/26/2023

Enclosures:

- Minutes of Mandatory Pre-bid Meeting 6/07/2023
- Revised Itemized Bid Proposal
- Updated Wage Decisions

Matthew R. Hulst, P.E.

"General Decision Number: MI20230001 05/26/2023

Superseded General Decision Number: MI20220001

State: Michigan

Construction Types: Highway (Highway, Airport & Bridge xxxxx

and Sewer/Incid. to Hwy.)

Counties: Michigan Statewide.

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60).

|If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an |. The contractor must pay option is exercised) on or after January 30, 2022:

- . Executive Order 14026 generally applies to the contract.
- all covered workers at least \$16.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2023.

If the contract was awarded on . or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022:

- Executive Order 13658 generally applies to the contract.
- . The contractor must pay all covered workers at least \$12.15 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2023.

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at http://www.dol.gov/whd/govcontracts.

Classifications

Journeyman Specialist: Refers to a crew of only one person working alone.

Operator A: Shall be proficient in operating all power equipment including: Backhoe,

Excavator, Directional Bore and Boom/Digger truck.

Operator B: Shall be proficient in operating any 2 of the above mentioned pieces of

equipment listed under Operator A.

SCOPE OF WORK:

Open cut construction work shall be construed to mean work which requires the excavation of earth including industrial, commercial and residential building site excavation and preparation, land balancing, demolition and removal of concrete and underground appurtenances, grading, paving, sewers, utilities and improvements; retention, oxidation, flocculation and irrigation facilities, and also including but not limited to underground piping, conduits, steel sheeting for underground construction, and all work incidental thereto, and general excavation. For all areas except the Upper Peninsula, open cut construction work shall also be construed to mean waterfront work, piers, docks, seawalls, breakwalls, marinas and all incidental

work. Open cut construction work shall not include any structural modifications, alterations, additions and repairs to buildings, or highway work, including roads, streets, bridge construction and parking lots or steel erection work and excavation for the building itself and back filling inside of and within 5 ft. of the building and foundations, footings and piers for the building. Open cut construction work shall not include any work covered under Tunnel, Shaft and Caisson work.

OPEN CUT LABORER CLASSIFICATIONS

GROUP 1: Construction laborer

GROUP 2: Mortar and material mixer, concrete form person, signal person, well point person, manhole, headwall and catch basin builder, headwall, seawall, breakwall and dock builder

GROUP 3: Air, gasoline and electric tool operator, vibrator operator, driller, pump person, tar kettle operator, bracer, rodder, reinforced steel or mesh person (e.g., wire mesh, steel mats, dowel bars, etc.), welder, pipe jacking and boring person, wagon drill and air track operator and concrete saw operator (under 40 h.p.), windlass and tugger person and directional boring person

GROUP 4: Trench or excavating grade person

GROUP 5: Pipe layer (including crock, metal pipe, multi-plate or other conduits)

GROUP 6: Grouting man, audio-visual television operations and all other operations in connection with closed circuit television inspection, pipe cleaning and pipe relining work and the installation and repair of water service pipe and appurtenances

GROUP 7: Restoration laborer, seeding, sodding, planting, cutting, mulching and top soil grading; and the restoration of property such as replacing mailboxes, wood chips, planter boxes, flagstones, etc.

GROUP 3	\$ 24.45	19.04

PAID HOLIDAYS: New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas Day.

SCOPE OF WORK: Excavation, site preparation, land balancing, grading, sewers, utilities and improvements; also including but not limited to, tunnels, underground piping, retention, oxidation, flocculation facilities, conduits, general excavation and steel sheeting for underground construction. Underground construction work shall not include any structural modifications, alterations, additions and repairs to buildings or highway work, including roads, streets, bridge construction and parking lots or steel erection.

TRUCK DRIVER CLASSIFICATIONS

GROUP 1: Truck driver on all trucks (EXCEPT dump trucks of 8 cubic yards capacity or over, pole trailers, semis, low boys, Euclid, double bottom and fuel trucks)

GROUP 2: Truck driver on dump trucks of 8 cubic yards capacity or over, pole trailers, semis and fuel trucks

GROUP 3: Truck driver on low boy, Euclid and double bottom

WORK CLASSIFICATIONS:

PAVEMENT MARKER GROUP 1: Drives or operates a truck mounted striper, grinder, blaster, groover, or thermoplastic melter for the placement or removal of temporary or permanent pavement markings or markers.

PAVEMENT MARKER GROUP 2: Performs all functions involved for the placement or removal of temporary or permanent pavement markings or markers not covered by the classification of Pavement Marker Group 1 or Line Protector.

LINE PROTECTOR: Performs all operations for the protection or removal of temporary or permanent pavement markings or markers in a moving convoy operation not performed by the classification of Pavement Marker Group 1. A moving convoy operation is comprised of only Pavement Markers Group 1 and Line Protectors.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

** Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$16.20) or 13658 (\$12.15). Please see the Note at the top of the wage determination for more information.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at

https://www.dol.gov/agencies/whd/government-contracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification

and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

- 1.) Has there been an initial decision in the matter? This can be:
- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations Wage and Hour Division U.S. Department of Labor 200 Constitution Avenue, N.W. Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator

(See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator U.S. Department of Labor 200 Constitution Avenue, N.W. Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board U.S. Department of Labor 200 Constitution Avenue, N.W. Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

END OF GENERAL DECISIO"

City of Muskegon SRF/DWRF Projects Mandatory Pre-Bid Meeting Meeting Minutes

Date: June 7, 2023, 2:00 P.M.

Meeting Location: City of Muskegon DPW Building **Project Name:** City of Muskegon SRF/DWRF Projects

SRF No.: 5790-01 **DWRF No.:** 7467-01

GENERAL ITEMS:

Introductions – Matt Hulst (Prein&Newhof)

Morton Avenue: Lincoln to Denmark

Engineer – Prein&Newhof Representative: Matt Hulst, P.E.

Wilcox and Thompson

Engineer – Prein&Newhof Representative: Matt Hulst, P.E.

Edgewater and Harbour Towne Lift Stations

Engineer – Prein&Newhof Representative: Matt Hulst, P.E.

Lead Service Line Replacements

Engineer – Prein&Newhof Representative: Matt Hulst, P.E.

- 2. Mandatory Pre-bid meeting Please sing in.
- 3. SRF/DWRF Program Requirements
 - a. Project Financing All projects are financed through the State of Michigan State Revolving Fund and the Drinking Water Revolving Fund administered through the Department of Environment, Great Lakes, and Energy (EGLE). Project numbers are shown on the plans.
 - b. DBE Good Faith Efforts Are required. Worksheets must be included with bid.
 - c. American Iron and Steel American Iron and Steel per H.R. 3547 is required under this project. See Contract language in each Contract.
 - d. Wages Davis Bacon/Prevailing Federal Wage Rates are required. Updated wage rates will be added by Addendum 10 days prior to bid if necessary.
 - e. Schedule
 - i. Last Day for Questions: 6/16/2023
 - ii. Tentative Contract Award by City of Muskegon 7/11/2023
 - iii. EGLE Order of Approval 8/07/2023
 - iv. Award within 60 days of Order of Approval contingent upon successful sale of bonds.

- v. Completion Dates Project Specific
- 4. Bid Opening will be located at City Hall in the Hallway by the Clerks office. Bids will be opened publicly.
- 5. Questions: None Received

PROJECT SPECIFIC ITEMS:

6. Project Details Morton Avenue

The project consists of furnishing all material and constructing the following approximate quantities:

- 1,000 ft. of 8-inch sanitary sewer
- 1.850 ft. of 8-inch water main
- 1,800 ft. of road reconstruction

Including all necessary appurtenances and restoration.

- a. Project Specifications Layout
 - i. Gravity Sewer, Water Main, and Road Reconstruction items are in the Project Specifications.
 - ii. SRF/DWRF items are in Appendix A, and special provisions for HMA is in Appendix B.
- b. Proposal Format
 - i. Sub-contractors must be listed as shown in the proposal package
- c. Schedule Construction may begin upon issuing of Notice to Proceed.
 - i. Note Sequence of Events in Project Specifications
 - ii. Note milestone and completion dates in the Agreement
 - iii. Road and utility work may begin late winter/early spring of 2023, tree removal must be completed between October 1, 2023 to March 31, 2024. Tree removal may be completed outside of the project phasing.
- d. Questions: None Received
- 7. Project Details Wilcox and Thompson

The project consists of furnishing all material and constructing the following approximate quantities:

- 3,200 ft. of 8-inch to 18-inch sanitary sewer
- 1,865 ft. of 12-inch to 24-inch storm sewer
- 3,000 ft. of 6-inch to 24-inch water main
- 3,200 ft. of road reconstruction

Including all necessary appurtenances and restoration.

- a. Project Specifications Layout
 - i. Gravity Sewer, Water Main, and Road Reconstruction items are in the Project Specifications.
 - ii. SRF/DWRF items are in Appendix A, MOT is in Appendix B, special provisions for HMA are in Appendix C and water service replacements are in Appendix D
- b. Proposal Format
 - i. Sub-contractors must be listed as shown in the proposal package
- c. Schedule Construction may begin upon issuing of Notice to Proceed.

- i. Note Sequence of Events in Project Specifications
- ii. Note milestone and completion dates in the Agreement
- iii. Road and utility work may begin late winter/early spring of 2023, tree removal must be completed between October 1, 2023 to March 31, 2024. Tree removal may be completed outside of the project phasing.

d. Project Specific Items

- i. Water service replacement outside of primary project work area, see Appendix D
- ii. ~85% of the sanitary sewer was televised recently and lateral location on drawing is based on that data.
- iii. Note abandoned lift station on Drawings, requires partial removal.
- iv. Coordination with Edgewater and Harbour Towne Lift Station project will be required.

e. Questions:

Q: Will there be a different proposal item for water service patching?

A: Water main is assumed to be located in the roadway, the patch size is up to the contractor to determine in order to have a safe hole that does not cause undermining of the adjacent pavement.

Q: An irrigation allowance is listed in the Project Specifications but is not included in the itemized proposal.

A: An irrigation allowance will be added to the itemized proposal and issued via Addendum.

Q: What is modified for proposal item 22, Aggregate Surface Cse, 8 inch?

A: This will be clarified via addendum.

Q: The force main discharge manhole standard condition cannot be met; how should the Contractor proceed?

A: Standard force main discharge manhole is not required. A standard manhole may be used, upturned 90 degree bend will not be required.

Q: For the base conditioning inclusion, how much aggregate fill is expected?

A: There is no change to the existing grade, additional aggregate will only be necessary to clean up damage caused by HMA surface removal or as needed for water service replacements.

Q: Is there information on the footings for the garage in the alley between Cherry St and Walnut St?

A: There is no additional information available.

8. Project Details Edgewater and Harbor Towne Lift Station

The project consists of furnishing all material and constructing the following approximate quantities:

- Edgewater Lift Station: Replacement of one (1) pump, replacement of 4-inch station piping and valves for both pumps, addition of bypass connection
- Harbour Towne Lift Station: Replacement of two (2) pumps, replacement of 4-inch station piping and valves

Including all necessary appurtenances and restoration.

- a. Proposal Format
 - i. Sub-contractors must be listed as shown in the proposal package.
- b. Schedule Construction may begin upon issuing of Notice to Proceed.
 - i. Note Sequence of Events in Project Specifications
 - ii. Note completion dates in the Agreement
 - iii. Coordination will be required with the Wilcox and Thompson project.
- c. Project Specific Items
 - i. Owner is providing new pump for the Edgewater lift station. Must be installed by Contractor.
- d. Ouestions:
- Q: Will the Owner pay for stored materials?
- A: Payment for stored materials will be considered in accordance with the Contract documents.
- Q: Will there be consideration in replacing the top of the lift stations as part of this project?
- A: Replacement of the lift station concrete covers will not be added to the project scope.
- Q: Clarify the roll of the City's electrician?
- A: The Contractor will be required to complete all work required to wire the new pumps. CNC Electric must be contacted to verify work necessary to meet City standards.

9. Project Details LSLR

The project consists of furnishing all material and constructing 524 water service replacements. Work to be completed in two specific areas.

Including all necessary appurtenances and restoration.

- a. Schedule Construction may begin upon issuing of Notice to Proceed.
 - i. See agreement for milestone and completion dates.
 - ii. Note work in Apple Avenue must be done prior to milestone in order to meet MDOT requirements for upcoming road work.
 - iii. Water services must be replaced for a complete block at a time. More than one block may be worked on at once, however, work must progress continuously until completion of all services within the block. The Contractor may choose to spread the services out through the contract period but once a block is started it must be completed within thirty (30) calendar days.

b. Questions:

Q: Why are there less corporation stops than total service replacements?

A: There are private side only service replacements that will not require corporation stops. See Appendix for list of necessary work by address.

Q: What are the payment terms?

A: Payment terms are detailed in the agreement. Payment will be made monthly during progress of work.

Q: Does the contractor need to include field verification of the corporation stop at the main?

A: No, field verification needs to be provided for both sides of the curb stop and where the service enters the structure.

Q: What is the Plumbing Allowance to be used for?

A: The allowance is for unforeseen additional plumbing that may be needed for connections into the house if approved by the Engineer and Owner. See specifications for clarification.
