A Public Workshop at Muskegon City Hall  
Commission Chambers  
933 Terrace St, Muskegon, MI 49443

## PURPOSE

The City of Muskegon is considering expanding the boundaries of the Form Based Code to include parts of various near-downtown neighborhoods. One of the goals of this change would be to reassign unbuildable lots in these areas to a buildable status. “Missing Middle” Housing will also be discussed as a potential addition to the allowed building types within the new zoning districts.

**5-7PM, THURSDAY, FEB. 16<sup>TH</sup>**
